### School Description and Mission Statement

This section provides information about the school's goals and programs.

The Cedarwood Elementary School staff provides a positive environment where students feel safe and are motivated to learn. We are committed to a quality education for all students. We hold high expectations for student achievement, student behavior and for ourselves as professionals. At Cedarwood we believe every child is capable of learning, no matter what the circumstances, and we provide the opportunity for all students to reach their potential. Our teachers use achievement data to continually evaluate student progress and adapt their classroom practices to meet student needs.

We provide academic interventions for students requiring additional support through a blended service model. This model allows special education, Title I and regular education teachers to collaborate and provide the best program possible for our children. As a result of these efforts, we received the prestigious award of a California Distinguished School, and the California Title I Academic Achievement Award for the 2003/2004, 2004/2005 and 2005/2006 school years.

We focus on basic skills, including reading, writing, spelling and mathematics. We believe an effective language arts program should be balanced with direct skill instruction, literature and meaningful writing. Our mathematics curriculum includes mastery of basic math facts, mathematical operations and problem solving. We encourage strong parent and community partnerships and invite our parents, grandparents and community members to participate in the classroom. We believe a skilled and dedicated staff, motivated students and supportive parents are powerful components for student success!

### Opportunities for Parental Involvement

This section provides information about opportunities for parents to become involved with school activities.

We offer many opportunities for parents to participate in their children's education. Our School Site Council meets the first Monday of every month. In addition to the elected officers, all interested parents are invited to attend the meetings. Parents and teachers work together on this council to set school goals, make decisions about budget expenditures and plan school activities.

We also have a very active parent club that sponsored many fundraising activities this year. Parents, grandparents and community members are always welcome to visit or volunteer in our classrooms. We continually encourage a strong connection between home and school.

## II. School Climate

### School Safety Plan

This section provides information about the school's comprehensive safety plan.

We have a comprehensive School Safety Plan located in the office. The plan is updated each year and shared with staff and the School Site Council. The disaster preparedness plan clearly designates warning signals and emergency actions for all emergencies. Staff and students practice emergency drills throughout the school year.

Classroom discipline and effective classroom management are primary focus areas for Cedarwood staff. We believe that learning is optimized in an atmosphere where students are well behaved, attentive and responsible for their actions. We accomplish this goal by teaching weekly lessons targeting positive expectations. A clearly defined student behavior policy and a parent compact are sent home the first week of school. We hold high expectations for students' behavior at Cedarwood, as evidenced by our low number of suspensions.

## Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

### Quality, Currency, and Availability of Textbooks and Instructional Materials

This table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

The district sets a high priority on providing current and sufficient textbooks and instructional materials for students. Our primary goal is to provide instruction and materials that are aligned to the California Content Standards. The district textbook review and approval process considers instructional materials that have been approved by the State Board of Education (SBE) for textbook adoption. Students have access to a wide variety of instructional materials including texts, workbooks, math and science equipment, reference resources, library and audiovisual materials. The school library and other technology resources provide students and staff with additional tools for learning and accessing information.

Annually the district surveys availability and adequacy of textbooks and science laboratory materials. Sufficient standards-aligned core textbooks are provided for each student on a one-to-one basis. Adequate materials support English language learners. District-adopted materials are current and consistent with state adoption and curriculum framework cycles. Supplemental materials approved by the Board of Trustees include Write Source K-8 (Great Source Publishing) and Math Steps K-6 (Houghton Mifflin). In addition varied supplemental programs are utilized in classrooms and several intervention programs are used for academic support for struggling learners.

The CSTs include English-language arts and mathematics in grades 2 through 11; science in grades 5, 8, 9, 10, and 11; and history-social science in grades 8, 9, 10, and 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found at the CDE Web site at <http://star.cde.ca.gov>. *Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy.*

The results are reported as the percent of tested students scoring at or above the national average (the 50th percentile). Detailed information regarding NRT results for each grade level can be found at the CDE Web site at <http://star.cde.ca.gov/>. *Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy.*

## IX. Accountability

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ap/>.

### API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Statewide	8	8	7
Similar Schools	8	8	7

### API Changes by Student Group – Three-Year Comparison

This table displays by student group the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Group	Actual API Change			API Score

### Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

### AYP Overall and by Criteria

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	Yes	No
Participation Rate - English-Language Arts	Yes	No
Participation Rate - Mathematics	Yes	No
Percent Proficient - English-Language Arts	Yes	No
Percent Proficient - Mathematics	Yes	No
API	Yes	Yes
Graduation Rate	N/A	Yes

### Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.
