School Accountability Report Card

Reported Using Data from the 2011-12 School Year

Published During 2012-13

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

EdData Partnership Web Site

EdData is a partnership of the CDE, EdSource, and the Fiscal Crisis Management and Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2011-12)

This section provides information about the school, its programs and its goals.

Paradise Elementary School is a K-5 traditional calendared school located in a rural, foothill community. We have a student enrollment of approximately 600 students. Our Kindergarten classrooms have a 25:1 student to teacher ratio, grades 1-3 have a 29:1 student to teacher ratio, and our grades 4-5 classrooms average 32 students per class.

The mission of Paradise Elementary School is to provide educational opportunities for all students, enabling them to reach their intellectual, social, physical and emotional potential in an ever-changing and challenging world. At Paradise Elementary School we believe all students have a right to learn in a safe, nurturing learning environment. To fulfill our mission, we have established high standards in both academic and behavioral areas and provide opportunities for all students to successfully meet these standards. Our school plan focuses on students achieving proficiency on the state content standards. Teachers teach while continuously reviewing student assessment results to ensure the success of all. This continuous evaluation of student achievement guides our instruction. In spring 2006, Paradise Elementary School was selected as a California Distinguished School. In spring 2008, our school was awarded the 2008 Governor's Challenge Competition for the North Coast Regional Schools. In spring 2009, our school was awarded a Title One Academic Achievement Award by the State Department of Education.

Our school environment promotes "Respect, Responsibility and Safety" (RRS) among all individuals and focuses on the asset development of students. PES is an active BEST (Building Effective Schools Together) school site. BEST/RRS team members promote activities that reinforce these behavioral expectations and encourage students to take leadership roles in the school. Students are recognized and rewarded frequently for appropriate behavior and gracious manners along with their academic achievement.

PES offers a "blended services" student academic support program called "Team Success" recognized since 2000 by CalSTAT (California Services for Technical Assistance and Training) as an exemplary program for supporting all students. Team Success provides academic support for general education, special education and Title I students who demonstrate a need in any academic area.

We have been successful in reaching our goals through outstanding collaborative instruction on a daily basis. We understand the significance of appropriate social/emotional development of each child and strive to teach all students respect, responsibility and safety along with a joy for learning.

In addition to an excellent and experienced classroom teaching staff, we have a strong support staff dedicated to ensuring a successful school experience for all students. We are also very fortunate to have many parents participating in our classrooms, on our School Site Council and in our Parent Panther Club. Several organizations in the community are supporters of our school and its programs. It is the ongoing efforts and commitment of all involved that make our school a special place for children.

Opportunities for Parental Involvement (School Year 2011-12)

This section provides information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.

Recognizing that parent involvement is the key to academic achievement, we seek to involve parents in an effective home-school partnership that will provide the best possible education for our students. At Paradise Elementary School, our teachers and staff work in close partnership with parents to support the total development of students. We encourage and welcome a strong on-going connection between home and school. Parents have the opportunity to be involved in their child's classroom on a weekly or even daily basis and also to participate with special classroom activities and field trips. Teachers identify a "Room Parent" who assists with organizing classroom activities and communicating with other parents in the class.

At the school site level, parents can be involved with School Site Council as a parent representative. This team meets on a regular basis throughout the year and makes school-wide decisions in reviewing the annual school plan and approving the school budget expenditures. The School Site Council is composed of an equal number of parents and school staff members.

Paradise Elementary also has a parent support organization, the Parent Teacher Organization (PTO), which is open to all parents/guardians. The PTO sponsors family oriented events throughout the year and supports our school through fund raising activities. Our PTO makes many wonderful contributions to our school, supports student activities and has established an extremely positive working relationship with all staff. Additional opportunities for parent involvement include:

- Back to School Night, held at the beginning of each school year to orient and familiarize parents with the school and its programs.
- Parents are encouraged to serve as volunteers and tutors.
- Parent conferences are encouraged and held whenever needed.
- Parents are encouraged to visit their child's classroom whenever possible.
- A summer reading program allows parents to record books read by their children over the summer break and provides reading incentives and recognition.
- Our Academic Coach surveys parents and provides workshops of interest/need throughout the year.
- Parents are asked to evaluate our program's effectiveness in the spring of each year.
- Parent newsletters are sent monthly providing ideas that parents can do at home.
- A Parent Teacher Organization (PTO) conducts monthly meetings to encourage and provide interaction/support between home and school.
- A school website is available for parents to stay informed of school happenings.

Please contact our school office for information on parent participation. The School Site Council President and the Panther Club President can provide additional information on parent participation opportunities.

III. School Climate

School Safety Plan (School Year 2011-12)

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

Paradise Elementary School is committed to the safety and security of each student. A well-developed school safety plan is in place and is updated and approved by the PUSD school board on an annual basis. This plan includes, but is not limited to, such items as school-wide discipline, safe ingress and egress, dangerous pupils procedures and disaster preparation practices and training (SIMS/NIMS) for all staff members. Safety drills are a regular part of the school plan. Teachers and students learn and practice safe responses to different drill situations so they will be well prepared in the event of a true emergency.

At Paradise Elementary School we have three school-wide rules: Be Safe, Be Responsible, and Be Respectful. These standards are supported, modeled and taught by all adults in the school on a weekly basis. We embrace the concepts of the BEST (Building Effective Schools Together) program, which promotes the idea of targeted positive behavior reinforcement with clear perimeters regarding schoolwide social and safety behavior.

Suspensions and Expulsions

Expulsions	0	0.17	0	0.75	0.5	.64

* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment (and multiplying by 100).

IV. School Facilities

School Facility Conditions and Planned Improvements (School Year 2012-13)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

Year and month in which data were collected: August, 2012

Paradise Elementary School was built in 1939, making it the oldest school in the Paradise Unified School District. Since that time it has been expanded with the addition of several wings and separate classrooms. Although our school is 70 years old, it has been exceptionally well maintained and is a very safe facility. A blend of the past, present and the future gives our school charm and purpose. The classrooms in our main building are all accessible by wide hallways, which provide areas for display of student work. Pride in our students' accomplishments is showcased and appreciated by everyone. The hallways channel the flow of students to allow for greetings and pleasantries between staff and students.

The grounds feature three separate play areas for kindergarten, primary students and upper grade students with developmentally appropriate playground equipment along with large grassy fields and blacktop areas. In 2011-12 the student population of 600 was housed in twenty-two classrooms with an additional three classrooms devoted to student Learning Labs for Team Success and three classrooms allocated to the Boys & Girls Club for an after-school program.

Classrooms have air conditioning and have been modernized. The restrooms are conveniently located throughout the school and have been modernized as well. A music room is also available for upper grade student lessons. We have internet access in all wings of the school and it is accessed appropriately at each grade level. The school boasts a beautiful library facility and a separate computer lab that is available for full-class usage. Our cafeteria serves as a multipurpose room complete with a charming stage for frequent student performances and award ceremonies. Students also have the opportunity to eat and socialize in a lovely outdoor courtyard.

School Facility Good Repair Status (School Year 2012-13)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

* "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2011-12)

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: <http://www.cde.ca.gov/nclb/sr/tq/>

Location of Classes	Percent of Classes in Core Academic Subjects	
	Taught by Highly Qualified Teachers	Not Taught by Highly Qualified Teachers
This School	100	0
All Schools in District	100	0
High-Poverty Schools in District	100	0
Low-Poverty Schools in District	100	0

* High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 25 percent or less in the free and reduced price meals program.

VI. Support Staff

Academic Counselors and Other Support Staff (School Year 2011-12)

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	0	n/a

Resource Specialist	0	---
Other	0	---

* One Full-Time Equivalent (FTE) equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time.

VII. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2012-13)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: September 18, 2012

The district sets a high priority on providing current and sufficient textbooks and instructional materials for students. In this regard, our primary goal is to provide instruction and materials that are aligned to the California Content Standards. The district textbook review and approval process considers instructional materials that have been approved by the State Board of Education (SBE) for textbook adoption. Students have access to a wide variety of instructional materials including texts, workbooks, math and science equipment, reference resources, library and audiovisual materials. The school library and other technology resources provide students and staff with additional tools for learning and accessing information.

Annually the district surveys availability and adequacy of textbooks and science laboratory materials. Sufficient standards-aligned core textbooks are provided for each student on a one-to-one basis. Adequate materials support English language learners. District-adopted materials are consistent with state requirements. In addition various supplemental programs are utilized in classrooms and a number of intervention programs are used for academic support for struggling learners.

Core Curriculum Area	Textbooks and Instructional Materials/ Year of Adoption	From Most Recent Adoption?	Percent of Students Lacking Own Assigned Copy
Reading/Language Arts	Legacy of Literacy, Houghton Mifflin, ©2003 Write Source Series, Great Source, ©2000	Yes	0%
Mathematics	Harcourt Mathematics, Harcourt, ©2008	Yes	0%

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2010-11)

Level	Expenditures Per Pupil			Average Teacher Salary
	Total	Supplemental/Restricted	Basic/Unrestricted	
School Site	\$7,548	\$3,445	\$4,103	\$61,070
District	---	---	\$4,894	\$56,526
Percent Difference: School Site and District	---	---	-16.17%	5.69%
State	---	---	\$5,455	\$62,892
Percent Difference: School Site and State	---	---	-10.69%	2.57%

* **Supplemental/Restricted** expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted.

** **Basic/Unrestricted expenditures** are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending webpage at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits webpage at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

Types of Services Funded (Fiscal Year 2011-12)

This section provides specific information about the types of programs and services available at the school that support and assist students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

The school provides curriculum-based instruction in all core subjects. It also offers special education services. Additional support is provided for English language learners and for those students struggling with core subjects. Categorical funding supports additional aide time in the classroom and supports educational technology.

Teacher and Administrative Salaries (Fiscal Year 2010-11)

Category	District Amount	State Average for Districts In Same Category
Beginning Teacher Salary	\$33,041	\$38,725
Mid-Range Teacher Salary	\$48,593	\$59,717
Highest Teacher Salary	\$72,484	\$77,957
Average Principal Salary (Elementary)	\$72,185	\$95,363
Average Principal Salary (Middle)	\$74,668	\$98,545
Average Principal Salary (High)	\$79,250	\$107,031
Superintendent Salary	\$152,971	\$149,398
Percent of Budget for Teacher Salaries	35%	37%
Percent of Budget for Administrative Salaries	5%	6%

* For detailed information on salaries, see the CDE Certificated Salaries & Benefits webpage at <http://www.cde.ca.gov/ds/fd/cs/>.

IX. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

California Physical Fitness Test Results (School Year 2011-12)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT webpage at <http://www.cde.ca.gov/ta/tg/pf/>.

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards

* Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched “similar schools.” A similar schools rank of 1 means that the school’s academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school’s academic performance is better than at least 90 of the 100 similar schools.

API Rank	2009	2010	2011
Statewide	6	5	4
Similar Schools	3	1	1

Academic Performance Index Growth by Student Group – Three-Year Comparison

* "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

Academic Performance Index Growth by Student Group - 2012 Growth API Comparison

This table displays, by student group, the number of students included in the API and the 2012 Growth API at the school, district, and state level.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Adequate Yearly Progress (AYP) webpage at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2011-12)

AYP Criteria	School	District

Federal Intervention Program (School Year 2012-13)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance, and data reporting, etc.)?

Professional development opportunities were available through Paradise Unified School District, Butte County Office of Education and other providers. Content consisted of a variety of subject matter including English language arts, math, effective teaching strategies, addressing the needs of students with special needs, increasing student achievement, enriching the school environment and character education.
