

# Paradise Unified School District

Form 470 # 190020316

RFP No. 2019-ITS-01

## REQUEST FOR PROPOSAL

### INTERNAL CONNECTIONS

Network Electronics with Optional Installation

Addendum No. 1

Date: February, 19, 2019

---

THIS ADDENDUM IS ISSUED AS A RESPONSE TO THE REQUESTS FOR INFORMATION TO ALL PROSPECTIVE BIDDERS INTERESTED IN THE ABOVE-MENTIONED REQUEST FOR PROPOSAL.

---

#### **REQUEST FOR INFORMATION:**

**Q:** Considering that the requested controllers, Aruba 7210, already comes with one power source, and a redundant one is also being requested, we understand that four power cords should be provided for the two controllers requested. Is our understanding correct?

**A:** Yes, this is correct. Four power cords should be provided

**Q:** Considering the future proof requirements that comes with implementations like this, we understand that the wireless controllers requested, Aruba 7210, should have included at least one 10G SFP+ DAC cable per controller to ensure the network's performance. Is our understanding correct?

**A:** We will be purchasing the DAC cables separately from this RFP

**Q:** The 5406R z12 chassis switch requested for Paradise High School can only support up to six line card modules per chassis, but 7 line cards were requested for that site. We understand that the correct chassis to be offered for that site should be the 5412R z12, which supports up to 12 line card modules. Is our understanding correct?

**A:** We will continue with the 5406R z12 or equivalent chassis and the line card modules as listed on the RFP.
