Pine Ridge School School Accountability Report Card Reported Using Data from the 2014-15 School Year Published During 2015-16

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (Most Recent Year)

Pines Elementary School and Mountain Ridge Middle School merged in August 2007 to create Pine Ridge School, which serves students in grades Preschool-8. The mission of Pine Ridge is to provide educational opportunities for all students in a safe, caring, respectful and nurturing environment. Our comprehensive Pre School-8th grade program is designed to assist each student in reaching his/her maximum academic, social, physical and emotional potential. We are dedicated to helping students master the rigorous California Common Core State Standards, as well as the equally important life skills and virtues (qualities such as citizenship, teamwork, responsibility and respect).

Our Kindergarten through 5th grade classes run on a traditional elementary schedule. Once students reach 6th grade they begin the transition into a secondary model by moving between three teachers for their core academics and physical education. Our 7th and 8th grade students transition into a traditional secondary setting, with 4 to 6 teachers per day and changing classes every period. We have a student enrollment of approximately 480 students. Our K classrooms have a 25:1 student:teacher ratio, 1st, 2nd and 3rd grade classrooms are 24:1 and our grades 4-8 classrooms average 30 students per class. In addition to an experienced and highly-qualified teaching staff, we have a strong support staff dedicated to providing a successful school experience for each student.

Pine Ridge offers support to students through our Title 1 and Special Education programs. We also offer an array of counseling services to support students socially and emotionally, as well as to provide academic and career counseling in the middle school years.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

Year and month in which data were collected: September 2015

The district sets a high priority on providing current and sufficient textbooks and instructional materials for students. In this regard, our primary goal is to provide instruction and materials that are aligned to the California Common Core State Standards. The district textbook review and approval process considers instructional materials that have been approved by the State Board of Education (SBE) for textbook adoption. Students have access to a wide variety of instructional materials including texts, workbooks, math and science equipment, reference resources, library and audiovisual materials. The school library and other technology resources provide students and staff with additional tools for learning and accessing information.

Annually the district surveys availability and adequacy of textbooks and science laboratory materials. Sufficient standards-aligned core textbooks are provided for each student on a one-to-one basis. Adequate materials support English language learners. District-adopted materials are consistent with state requirements. In addition various supplemental programs are utilized in classrooms and a number of intervention programs are used for academic support for struggling learners.

School Facility Conditions and Planned Improvements (Most Recent Year)

Pine Ridge School is the result of a merger of the Pines Elementary and Mountain Ridge Middle School sites. The elementary side of the campus was constructed in 1986, while the middle school portion of the campus was built in 1996. The facility is a combination of portables and permanent structures. Our site is an outdoor site that sits adjacent to nature trails and land overseen by the Bureau of Land Management. This outdoor setting offers the wooded, mountain feel which complements our rural foothill location.

Our grounds feature three separate play areas for primary, intermediate and middle school-aged students. Each area includes both field and blacktop areas. Additionally, our location near the nature trails offers us the opportunity to include a ROPES course for use by students and staff. We have approximately 35 classrooms available for use both during the day and for our after school programs. All rooms have heat and air conditioning. Restrooms are conveniently located throughout the campus.

The Pine Ridge Learning Center Library houses more than 13,000 volumes and a 28-station computer lab, plus another 4 on-line work stations. We also have rolling carts (three carts with 32 tablets, two carts each with 16 netbooks) which teachers check out to use in the classrooms. Additionally, all classrooms have internet access and are used appropriately at each grade level. Our multipurpose room/cafeteria has a music room annex for our band program and a stage for student performances and awards assemblies. Students may also eat outside at picnic tables during warmer weather. The gymnasium, shared with the Paradise Recreation and Park District, enables our physical education department and other teachers to provide instruction and activities year-round and is home to many community recreational activities.

The school participates in annual inspections of the school grounds and facilities. All items found not in compliance are brought into compliance by our custodial staff or district maintenance staff. Classroom trash baskets are emptied daily while the classrooms are cleaned every three days. The restrooms, the multipurpose room and library are inspected or cleaned each day. Any damage or unsafe conditions are repaired as quickly as possible by the custodial staff, the district maintenance/operations department or outside contractors, if necessary.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (Most Recent Year)

We invite and welcome family involvement in our school. Parents, guardians and community members are encouraged to become involved as much as possible in the education of our children. They have the opportunity to be a part of our classrooms on a daily and weekly basis, and also to participate in special classroom events, school-wide activities and field trips. Some of these opportunities include the following:

- Work with Pine Ridge Parent Organization(PEP)
- Assist in kindergarten registration
- Assist with Virtues awards
- Assist with picture day
- Serve on the district parent advisory committee
- Organize the 8th grade Promotion Dance
- Serve on the School Site Council
- Volunteer in the classroom
- Help on field trips (planning and driving)
- Attend and Participate in Family Nights (i.e., "Milk, Cookies and a Bedtime Story," "Pizza with the Principal" Night, Family Science Nights, Family Math Nights)

A strong bond between home and school is vital to ensure the success of all of our students. Our goals for each child's success are more easily reached when our school is working hand in hand with our parents/guardians to provide the best possible foundation for children.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- · Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

School Safety Plan (Most Recent Year)

One of the priorities of Pine Ridge School is student safety. A well-developed school safety plan is in place and is updated and approved by the school board annually. Our plan includes, but is not limited to, the following information: disaster procedures, routine and emergency procedures, suspension and expulsion procedures, procedures to notify teachers of dangerous pupils, child abuse reporting procedures, sexual harassment, dress code, safe ingress and egress, orderly learning environment, and rules and procedures for school discipline. Some staff members have been trained using the SIMS/NIMS procedures and we coordinate with district and community resources for appropriate emergency responses. Fire drills, earthquake drills and "lock-down" drills are regularly scheduled. All students and staff are trained in safety procedures during these drills that have been developed by our school safety committee in consultation with the district, as well as local fire, police and safety officials.
