No person, firm or corporation shall be allowed to make, or file, or be interested in more than one (1) bid for the same work unless alternate bids are specifically called for by the District. A person, firm, or corporation that has submitted a subproposal to a bidder, or that has quoted prices of materials to a bidder, is not thereby disqualified from submitting a proposal or quoting prices to other bidders or submitting a bid.
11. Agreement. The form of Agreement, which the successful bidder, as CONTRACTOR, will be required to execute, is included in the bid documents and should be carefully examined by the bidder. The Agreement will be executed in two (2) original counterparts. Requests for substitution of an "or equal" material, product, thing, or service must comply with the procedures set forth in section 17, below. Recycled products must also meet the requirements set forth in the bid. Bidders may find discrepancies in the model numbers given in that the model number may be an old one and the item is not referred to by a new number. Consideration will be given in that situation. Please note that bid is for the same item as specified by designating "New Number" in the Brand/Model area, should that be the case. Inquiries regarding such discrepancies are to be made in accordance with

Section 9: Interpretation of Bid Documents in the Information for Bidders.

If the substituted item is acceptable, the District will approve it in an Addendum issued to all bidders of record. It is understood and agreed to by the bidder that the District reserves the right to reject any such proposed substitution. If the material, process, service, or equipment offered by the bidder is not, in the sole opinion of the District, then the bidder expressly understands and agrees that bidder shall furnish the material, process, service, or equipment specified by the District.
