

School Accountability Report Card Reported for School Year 2007-08 Published During 2008-09

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

II. About This School

School Description and Mission Statement (School Year 2007-08)

This section provides information about the school, its programs and its goals.

Ridgeview High School is the alternative high school serving the Paradise Unified School District. The school serves students in grades 10-12 and has an enrollment of 150 students. Students are referred for reasons of academic deficiency and/or attendance and discipline issues. Students have the opportunity to make up missing courses and to transfer back to the comprehensive high school or remain at Ridgeview and receive a high school diploma. The student:teacher ratio is 22:1. Students can enroll in all required academic classes for high school graduation and selected elective classes. Ridgeview High School successfully completed the Self Study process and was awarded a six-year accreditation through the Western Association of Schools and Colleges.

The school offers various support programs for students, including a full-time resource teacher, mathematics and reading intervention classes, full-time school counselor, psychological and nursing services, and probation and law enforcement services.

Opportunities for Parental Involvement (School Year 2007-08)

This section provides information about opportunities for parents to become involved with school activities.

Parents are involved in the school through various activities including surveys, school based activities, field trips, sporting events and award assemblies. During the 2007/2008 school year, Ridgeview High School completed the Self Study process for accreditation through the Western Association of Schools and Colleges. Parent involvement was an integral part of this process including committee meetings and on site meetings with the visiting committee.

[Student Enrollment by Grade Level \(School Year 2007-08\)](#)

V. Teachers

[Professional Development](#)

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

The annual number of teacher contract days devoted to professional development during each of the last three years is three (3) days or the equivalent of 21 hours. Professional development is offered before the beginning of each school year and numerous after school and weekend workshops are available during the school year. The workshops offered include sessions presented by Paradise Unified School District, Butte County Office of Education and other providers. Content consists of a variety of subject matter including English Language Arts, Math, Science, Visual and Performing Arts, Physical Education, Social Science, effective teaching strategies, addressing the needs of students with special needs, increasing student achievement, enriching the school environment and character education. Most teachers exceed the twenty-one hour requirement for professional development.

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found on the *DataQuest* Web page at <http://dq.cde.ca.gov/dataquest/>.

VI Support Staff

Academic Counselors and Other Support Staff (School Year 2007-08)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

VII. Curriculum and Instructional Materials

Quality, Currency, and Availability of Textbooks and Instructional Materials (School Year 2008-09)

This table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

The district sets a high priority on providing current and sufficient textbooks and instructional materials for students. In this regard, our primary goal is to provide instruction and materials that are aligned to the California Content Standards. The district textbook review and approval process considers instructional materials that have been approved by the State Board of Education (SBE) for textbook adoption. Students have access to a wide variety of instructional materials including texts, workbooks, math and science equipment, reference resources, library and audiovisual materials. The school library and other technology resources provide students and staff with additional tools for learning and accessing information.

Annually the district surveys availability and adequacy of textbooks and science laboratory materials. Sufficient standards-aligned core textbooks are provided for each student on a one-to-one basis. Adequate materials support English language learners. District-adopted materials are current and consistent with state adoption and curriculum framework cycles. In addition, various supplemental programs are utilized in classrooms and a number of intervention programs are used for academic support for struggling learners.

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2006-07)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found at the Current Expense of Education Web page at <http://www.cde.ca.gov/ds/fd/ec/> and teacher salaries can be found on the Certificated Salaries and Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental)	Expenditures Per Pupil (Basic)	Average Teacher Salary
School Site	\$10,790	\$2,627	\$8,163	\$67,080
District	---	---	\$5,180	\$61,611
Percent Difference – School Site and District	---	---	58%%	9%%
State	---	---	\$8,117	\$65,808
Percent Difference – School Site and State	---	---	1%%	2%%

Types of Services Funded (Fiscal Year 2007-08)

This section provides information about the programs and supplemental services that are provided at the school through either categorical funds or other sources.

The high school is a comprehensive program that allows the students to earn diplomas upon graduation. Vocational, foreign languages and music programs supplement the instructional education.

Teacher and Administrative Salaries (Fiscal Year 2006-07)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found on the Certificated Salaries and Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Category	District Amount	State Average For Districts In Same Category
Beginning Teacher Salary	\$37,225	\$37,916
Mid-Range Teacher Salary	\$48,638	\$58,151
Highest Teacher Salary	\$74,449	\$75,396
Average Principal Salary (Elementary)	\$78,542	\$91,086
Average Principal Salary (Middle)	\$73,228	\$95,220
Average Principal Salary (High)	\$77,455	\$101,661
Superintendent Salary	\$99,993	\$136,091
Percent of Budget for Teacher Salaries	37.7%	38.5%
Percent of Budget for Administrative Salaries	4.5%	5.8%

IX. Student Performance

California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8, and 10 through 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found on the Standardized Testing and Reporting (STAR) Results Web page at <http://star.cde.ca.gov>. *Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

CST Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade 10 results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics in order to compute Adequate Yearly Progress (AYP) designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found at the CAHSEE Web site at <http://cahsee.cde.ca.gov/>. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

CAHSEE Results by Performance Level for All Students – Three-Year Comparison

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2005-06	2006-07	2007-08
Statewide	B	B	B
Similar Schools	B	B	B

API Changes by Student Group – Three-Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score. *Note: "N/A" means that the student group is not numerically significant.*

Group	Actual API Change			Growth API Score

Students with Disabilities				

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page <http://www.cde.ca.gov/ta/ac/ay/>.

[AYP Overall and by Criteria \(School Year 2007-08\)](#)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	Yes	No
Participation Rate - English-Language Arts	Yes	No
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	Yes	Yes
Percent Proficient - Mathematics	Yes	Yes
API	Yes	Yes
Graduation Rate	Yes	Yes

[Federal Intervention Program \(School Year 2008-09\)](#)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

XI. School Completion and Postsecondary Preparation

Admission Requirements for California Public Universities

[University of California](#)

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the University of California Web site at <http://www.universityofcalifornia.edu/admissions/general.html>.

[California State University](#)

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the California State University Web site at <http://www.calstate.edu/admission/>.

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period for which data is available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the *DataQuest* Web page at <http://dq.cde.ca.gov/dataquest/>.

Indicator	School			District			State		
	2004-05	2005-06	2006-07	2004-05	2005-06	2006-07	2004-05	2005-06	2006-07

Graduation Rate	61.4	88.1	90.8	88.6	88.1	90.8	85	83	79.5

Completion of High School Graduation Requirements

Students in California public schools must pass both the English-language arts and mathematics portions of the California High School Exit Examination (CAHSEE) to receive a high school diploma. For students who began the 2007-08 school year in grade 12, as evidenced by that school year's October CBEDS enrollment, this table displays by student group the percent who met all state and local graduation requirements for grade 12 completion, including having passed both portions of the CAHSEE or received a local waiver or state exemption. Detailed information about the CAHSEE can be found at the CAHSEE Web page at <http://www.cde.ca.gov/ta/tg/hs/>.
Note: "N/A" means that the student group is not numerically significant.
