## School Accountability Report Card

### Reported Using Data from the 2011-12 School Year

#### Published During 2012-13

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

## I. Data and Access

### EdData Partnership Web Site

EdData is a partnership of the CDE, EdSource, and the Fiscal Crisis Management and Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### **School Description and Mission Statement (School Year 2011-12)**

This section provides information about the school, its programs and its goals.

---

The staff and teachers at Paradise Intermediate School recognize that our students have unique academic, social and emotional needs. We know that our greatest challenge is to provide an opportunity for all students to learn a curriculum that is based on rigorous standards that are delivered in a creative and engaging environment that helps our students experience success, our greatest motivator. We value balance of academic achievement with character development, helping our students understand their place in a democratic society as intelligent, creative and responsible citizens who need to perform in a very complex world. We review our progress through a system of guidelines and state and school benchmarks and assessments that measure student achievement. We celebrate our successes and we continually redirect our energies to make improvements to positively impact student learning. We continue to develop our strategies for intervention and remediation with before- and after-school assistance, specialized reading and math programs and an array of support services meant to provide a safety net for students at risk.

It is our vision to build a collaborative culture with teachers, parents and students focused on improving and measuring student learning to provide students with the knowledge and skills to succeed in high school and beyond.

This is a dynamic, student-centered school. We are proud of our accomplishments, and we are excited as we continue to guide our students through the most critical period of their development. We welcome your questions and comments. Please do not hesitate to contact the office for further information about any aspect of Paradise Intermediate School.

### **Opportunities for Parental Involvement (School Year 2011-12)**

This section provides information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.

---

We recognize that parent involvement is a key to student success, and our school site council provides parents in our community an opportunity to work together with the school and the district in the development of board-approved goals and objectives each year. Parents may serve up to three years, participating in monthly meetings, monitoring and allocating funds for school activities and serving as liaisons to the community and other parents. Through our monthly meetings, parents participate in the governance of the school, budget decisions, policy and other shared governance responsibilities.

Paradise Intermediate also has a parent organization called the Community Enhancement Organization or CEO. Parents may contribute to fund raising activities, school-family activities, or campus improvement projects. The CEO is connected to a pool of community members willing to support the school by making material or financial donations. To contact the CEO, parents and community members can visit the Paradise Intermediate School's website and click on the email link or contact the school directly.

Parents have opportunities to be involved in volunteer programs to support the classroom. Parents help plan awards banquets, promotion ceremonies, and the promotion dance. Parents and community members are also responsible for organizing and conducting our club sports programs. Because of their support, students are able to participate in after-school sports programs. Our student activities and our student council provide additional avenues for parents to become involved in extracurricular activities. For more information about these activities please contact the school office.

We encourage parents and guardians to be as involved with their child's education as time allows.

### Student Enrollment by Grade Level (School Year 2011-12)

Grade Level	Number of Students
Grade 6	156
Grade 7	157
Grade 8	171
<b>Total Enrollment</b>	<b>484</b>

### Student Enrollment by Group (School Year 2011-12)

Group	Percent of Total Enrollment	Group	Percent of Total Enrollment
Black or African American	0.6	White	76.7
American Indian or Alaska Native	0.6	Two or More Races	7.9
Asian	0.6	Socioeconomically Disadvantaged	64
Filipino	1.4	English Learners	2.5
Hispanic or Latino	12	Students with Disabilities	14
Native Hawaiian/Pacific Islander	0.2		

### Average Class Size and Class Size Distribution (Secondary)

Subject	2009-10				2010-11				2011-12			
	Avg. Class Size	Number of Classrooms			Avg. Class Size	Number of Classrooms			Avg. Class Size	Number of Classrooms

Social Science	29.3	0	10	4	25.2	1	10	0	29	0	8	2

\* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

## III. School Climate

### School Safety Plan (School Year 2011-12)

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

One of our most important educational tasks is to ensure a safe and comfortable place where students are able to learn. The development of our school safety plan supports this notion with specific strategies for creating a safe environment. A well-developed school safety plan is in place and is updated and approved by the school board annually. Our plan includes procedures to address disasters, dangerous pupils or persons, child abuse reporting, sexual harassment, dress code, safe ingress and egress, safe and orderly learning environment, rules of conduct and school discipline guidelines, and suspension and expulsion procedures.

Promoting positive and appropriate student behavior plays a strong role in our plan. A clearly defined and consistently enforced set of behavior standards is in place for our students and printed clearly in the school planner which is given to every student at the beginning of the year. The school administrators share behavior expectations, problem solving strategies, and recognition procedures for behavior contributing to a positive school climate. Students receive recognition for being safe, respectful and responsible. A recognition system is in place to recognize student efforts to stop bullying as well. Celebration assemblies are conducted to share and acknowledge student contributions towards a positive school culture at Paradise Intermediate School.

## Suspensions and Expulsions

Rate*	School			District		
	2009-10	2010-11	2011-12	2009-10	2010-11	2011-12
Suspensions	38.07	33.61	34.92	21.2	18.74	19.59
Expulsions	1.14	0.21	.83	0.75	0.5	.64

\* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment (and multiplying by 100).

## IV. School Facilities

### School Facility Conditions and Planned Improvements (School Year 2012-13)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

---

**Year and month in which data were collected:** August, 2012

Paradise Intermediate School was built in 1962. The age of the facility obviously impacts the effort needed to maintain a clean and safe environment for our students. Our staff members, especially our custodial staff and our maintenance department, deserve commendations on their ability to create a safe, comfortable learning environment for our staff and students.

Our grounds, buildings and restrooms are cleaned constantly throughout the day by our full-time day custodian. If there is a need for special attention to one of these areas, our head custodian is notified and responds immediately. Our night custodian begins his day after our school day has ended, and he is able to prepare our campus for our next school day.

A large gymnasium to our school site which has become a source of pride for our school and our community was completed in 2004. This facility is used by our students, Paradise High School students, the parks and recreation department and other community organizations every week. The addition of the gymnasium has filled a community-wide need for recreational facilities. Most recently, Paradise Intermediate became a solar school with the addition of a large solar array. Several site improvement projects have added to the appearance of the site as well as providing functional safety services. This has been an opportunity to serve the children of our community, and we are happy to help.

### School Facility Good Repair Status (School Year 2012-13)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The Overall Rating (bottom row)

## V. Teachers

### Teacher Credentials

Teachers	School			District
	2009-10	2010-11	2011-12	2011-12
<b>With Full Credential</b>	27	29	27	228
<b>Without Full Credential</b>	2	0	0	9
<b>Teaching Outside Subject Area of Competence</b>	0	0	0	---

### Teacher Misassignments and Vacant Teacher Positions

Indicator	2010-11	2011-12	2012-13
<b>Misassignments of Teachers of English Learners</b>	0	0	0
<b>Total Teacher Misassignments</b>	0	0	0
<b>Vacant Teacher Positions</b>	0	0	1

\* "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

### Core Academic Classes Taught by Highly Qualified Teachers (School Year 2011-12)

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: <http://www.cde.ca.gov/nclb/sr/tq/>

Location of Classes	Percent of Classes In Core Academic Subjects	
	Taught by Highly Qualified Teachers	Not Taught by Highly Qualified Teachers
<b>This School</b>	100	0
<b>All Schools in District</b>	100	0
<b>High-Poverty Schools in District</b>	100	0
<b>Low-Poverty Schools in District</b>	100	0

\* High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 25 percent or less in the free and reduced price meals program.

## VI. Support Staff

### Academic Counselors and Other Support Staff (School Year 2011-12)

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	1	486
Counselor (Social/Behavioral or Career Development)	.5	---
Library Media Teacher (Librarian)	0	---
Library Media Services Staff (Paraprofessional)	.75	---
Psychologist	.5	---
Social Worker	0	---
Nurse	.25	---
Speech/Language/Hearing Specialist	.5	---
Resource Specialist	0	---
Other	0	---

\* One Full-Time Equivalent (FTE) equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time.

## VII. Curriculum and Instructional Materials

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2012-13)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

**Year and month in which data were collected:** September, 2012

The district sets a high priority on providing current and sufficient textbooks and instructional materials for students. In this regard, our primary goal is to provide instruction and materials that are aligned to the California Content Standards. The district textbook review and approval process considers instructional materials that have been approved by the State Board of Education (SBE) for textbook adoption. Students have access to a wide variety of instructional materials including texts, workbooks, math and science equipment, reference resources, library and audiovisual materials. The school library and other technology resources provide students and staff with additional tools for learning and accessing information.

Annually the district surveys availability and adequacy of textbooks and science laboratory materials. Sufficient standards-aligned core textbooks are provided for each student on a one-to-one basis. Adequate materials support English language learners. District-adopted materials are consistent with state requirements. In addition various supplemental programs are utilized in classrooms and a number of intervention programs are used for academic support for struggling learners.

## VIII. School Finances

### Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2010-11)

Level	Expenditures Per Pupil			Average Teacher Salary
	Total	Supplemental/ Restricted	Basic/ Unrestricted	
School Site	\$9,008	\$3,641	\$5,367	\$62,794
District	---	---	\$4,894	\$56,526
Percent Difference: School Site and District	---	---	9.66%	8.68%
State	---	---	\$5,455	\$62,892
Percent Difference: School Site and State	---	---	6.57%	5.47%

\* **Supplemental/Restricted** expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted.

\*\* **Basic/Unrestricted expenditures** are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending webpage at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits webpage at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

### Types of Services Funded (Fiscal Year 2011-12)

This section provides specific information about the types of programs and services available at the school that support and assist students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

The school provides curriculum-based instruction in all core subjects. It also offers special education services. Additional support is provided for English language learners and for those students struggling with core subjects. Categorical funding supports additional aide time in the classroom and supports educational technology.

### Teacher and Administrative Salaries (Fiscal Year 2010-11)

Category	District Amount	State Average for Districts In Same Category
Beginning Teacher Salary	\$33,041	\$38,725
Mid-Range Teacher Salary	\$48,593	\$59,717
Highest Teacher Salary	\$72,484	\$77,957
Average Principal Salary (Elementary)	\$72,185	\$95,363
Average Principal Salary (Middle)	\$74,668	\$98,545
Average Principal Salary (High)	\$79,250	\$107,031
Superintendent Salary	\$152,971	\$149,398
Percent of Budget for Teacher Salaries	35%	37%
Percent of Budget for Administrative Salaries	5%	6%

\* For detailed information on salaries, see the CDE Certificated Salaries & Benefits webpage at <http://www.cde.ca.gov/ds/fd/cs/>.

## IX. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

### Standardized Testing and Reporting Results for All Students - Three-Year Comparison

Subject	Percent of Students Scoring at Proficient or Advanced

History-Social Science	35	42	45	38	44	46	44	48	49

\* Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## Standardized Testing and Reporting Results by Student Group - Most Recent Year

Group	Percent of Students Scoring at Proficient or Advanced			
	English-Language Arts	Mathematics	Science	History-Social Science
All Students in the LEA	55	44	67	46

\* Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### California Physical Fitness Test Results (School Year 2011-12)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT webpage at <http://www.cde.ca.gov/ta/tg/pf/>.

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
7	17.3	18.7	35.3

\* Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## X. Accountability

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at <http://www.cde.ca.gov/ta/ac/ap/>.

### Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched “similar schools.” A similar schools rank of 1 means that the school’s academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school’s academic performance is better than at least 90 of the 100 similar schools.

API Rank	2009	2010	2011
Statewide	4	4	4
Similar Schools	1	2	2

**Academic Performance Index Growth by Student Group – Three-Year Comparison**

Group	Actual API Change		
	2009-10	2010-11	2011-12
All Students at the School	0	16	33
Black or African American			
American Indian or Alaska Native

Filipino			
Hispanic or Latino			
Native Hawaiian/Pacific Islander			
White	-8	19	36
Two or More Races			
Socioeconomically Disadvantaged	9	0	43
English Learners			
Students with Disabilities			

\* "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

**Academic Performance Index Growth by Student Group - 2012 Growth API Comparison**

This table displays, by student group, the number of students included in the API and the 2012 Growth API at the school, district, and state level.

Group	2012 Growth API					
	School		District		State	
	# of Students	Growth API	# of Students	Growth API	# of Students	Growth API

## Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Adequate Yearly Progress (AYP) webpage at <http://www.cde.ca.gov/ta/ac/ay/>.

### Adequate Yearly Progress Overall and by Criteria (School Year 2011-12)

AYP Criteria	School	District
Made AYP Overall	No	No
Met Participation Rate: English-Language Arts	No	Yes
Met Participation Rate: Mathematics	No	Yes
Met Percent Proficient: English-Language Arts	Yes	No
Met Percent Proficient: Mathematics	Yes	No
Met API Criteria	Yes	Yes

### Federal Intervention Program (School Year 2012-13)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

## XII. Instructional Planning and Scheduling

### Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance, and data reporting, etc.)?

---

A schedule has been developed and implemented district-wide to embed time for teachers to meet each Wednesday to collaborate on standards, instruction, assessment strategies and data. Staff development time is also built into after school meetings. In addition, professional development opportunities were available through Paradise Unified School District, Butte County Office of Education and other providers. Teachers participate in 21 hours of professional development annually. Content consisted of a variety of subject matter including English language arts, math, effective teaching strategies, addressing the needs of students with special needs, increasing student achievement, enriching the school environment and character education.
