2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

The staff at Paradise Junior High School recognize that our students have unique academic, social and emotional needs. We know that our greatest challenge is to provide an opportunity for all students to learn a curriculum that is based on rigorous standards that are delivered in a creative and engaging environment that helps our students experience success, our greatest motivator. We value balance of academic achievement with character development, helping our students understand their place in a democratic society as intelligent, creative and responsible citizens who need to perform in a very complex world. We review our progress through a system of guidelines and state and school benchmarks and assessments that measure student achievement. We celebrate our successes and we continually redirect our energies to make improvements to positively impact student learning. We continue to develop our strategies for intervention and remediation with before- and after-school assistance, specialized reading and math programs and an array of support services meant to provide a safety net for students at risk. We also have support services coordinated with Butte County Office of Education and an after school program through the Boys and Girls Club.

It is our vision to build a collaborative culture with teachers, parents and students focused on engaging students academically, physically, and socially.

This is a dynamic, student-centered school. We are proud of our accomplishments, and we are excited as we continue to guide our students through the most critical period of their development. We welcome your questions and comments. Please do not hesitate to contact the office for further information about any aspect of Paradise Junior High School.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	
Unknown	
Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The district sets a high priority on providing current and sufficient textbooks and instructional materials for students. In this regard, our primary goal is to provide instruction and materials that are aligned with the California Content Standards. The district textbook review and approval process consider instructional materials that have been approved by the State Board of Education (SBE) for textbook adoption. Students have access to a wide variety of instructional materials including texts, workbooks, math and science equipment, reference resources, library, and audiovisual materials. The school library and other technology resources provide students and staff with additional tools for learning and accessing information.

Annually the district surveys availability and adequacy of textbooks and science laboratory materials. Sufficient standards-aligned core textbooks are provided for each student on a one-to-one basis. Adequate materials support English language learners. District-adopted materials are consistent with state requirements. In addition, various supplemental programs are utilized in classrooms and a number of intervention programs are used for academic support for struggling learners.

School Facility Conditions and Planned Improvements

Due to the passing of the School bond on November 7, 2018 and the Camp Fire on November 8, 2018 There are many new facilities and upgrades happening in Paradise Unified School District (PUSD). On January 18, 2022 PUSD approved the Facilities Project Priorities List where every site will have improvements. Paradise Junior High School is going to start a modernization this summer. There is also a campus wide back-up generator being installed at this time.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

We recognize that parent involvement is a key to student success, and our school site council provides parents in our community an opportunity to work together with the school and the district in the development of board-approved goals and objectives each year. One such avenue is through the School Site Council. Parents may serve up to three years, participating in monthly meetings, monitoring and allocating funds for school activities and serving as liaisons to the community and other parents. Through our monthly meetings, parents participate in the governance of the school, budget decisions, policy and other shared governance responsibilities.

We also reach out to parents at Student Orientation, Back to School Night, and Open House by providing opportunities to connect with community services, create an Aeries portal account to follow their student's academic progress, and sign up for future parent education opportunities. We work to keep families informed using Aeries Communication, Facebook and our webpage. Parents are also encouraged to attend field trips.

Parents have opportunities to be involved in volunteer programs to support the classroom. Parents help plan awards banquets, and the promotion dance. Due to their support, students are able to participate in after-school sports programs. Our student activities and our student council provide additional avenues for parents to become involved in extracurricular activities. For more information about these activities please contact the school office.

We encourage parents and guardians to be as involved with their child's education as time allows.

2020-21 Chronic Absenteeism by Student Group

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Below is our School Safety Plan Information.

One of our most important educational tasks is to ensure a safe and comfortable place where students are able to learn. The development of our school safety plan supports this notion with specific strategies for creating a safe environment. A well-developed school safety plan is in place and is updated and approved by the school board annually. Our plan includes procedures to address disasters, dangerous pupils or persons, child abuse reporting, sexual harassment, dress code, safe ingress and egress, safe and orderly learning environment, rules of conduct and school discipline guidelines, and suspension and expulsion procedures. Our Positive Behavior and Intervention Support (PBIS) committee meets monthly to review our procedures and expectations and works to build a clear and cohesive system to maintain safety and maintain a positive school climate. District LCAP funds have provided a full-time educational coach to help with the implementation and further development of our PBIS plan. Time has been built into our school schedule for staff to teach our PBIS lessons and incentive plan.

Promoting positive and appropriate student behavior plays a strong role in our plan. A clearly defined and consistently enforced set of behavior standards is in place for our students and printed clearly in the school planner which is given to every student at the beginning of the year. The school administrators share behavior expectations, problem solving strategies, and recognition procedures for behavior contributing to a positive school climate. Students receive recognition for being safe, respectful and responsible. Weekly celebration assemblies are conducted to share and acknowledge student contributions towards a positive school culture at Junior High School.

Funds have been allocated for the implementation of Leadership a program that develops positive school culture for the campus.

We have incorporated the Virtues Project across all grade levels. Weekly, a virtues celebration is held.

Most recently, we replaced all of the old security cameras with state of the art security cameras. One Campus Supervisor is available to provide additional supervision before school, between classes, during lunch, and after school.

Professional Development

A schedule has been developed and implemented district-wide to embed time for teachers to meet each Wednesday to collaborate on standards, instruction, assessment strategies and data. Staff development time is also built into after school meetings. In addition, professional development opportunities were available through Paradise Unified School District, Butte County Office of Education and other providers. Teachers participate in 21 hours of professional development annually. Content consisted of a variety of subject matter including English language arts, math, effective teaching strategies, addressing the needs of students with special needs, increasing student achievement, enriching the school environment and character education.

Four minimum days have been scheduled for K- 8 schools to provide for teacher collaboration amongst schools. These activities allow for grade level teams, content teams, as well as vertical teams to meet and work on district academic objectives. To facilitate the implementation of Common Core State Standards, district and site Title 1 professional development funds have supported teacher training. These training opportunities include county office of education workshops, on site presenters from the county office of education, site collaboration, teacher lead technology training, and off-site conferences such as the Computer Using Educators, or CUE, conference and Problem Based Learning. Paradise Junior High School teachers are implementing the College Preparatory Math series and all teachers are engaged in training that provides familiarity with the curriculum and instructional strategies. Teachers, administrators, school community representatives work to develop plans with in our local control budget plan to address areas of needed professional development.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
