#### 2022-23 School Overview

Cedarwood Elementary is nestled among the cedar and pine trees in the beautiful mountain town of Magalia, California. Our school staff provides a positive, engaging, and rigorous environment where students feel safe and are motivated to learn. We are committed to a quality education for all students through meaningful learning emphasizing creativity, communication, collaboration, and critical thinking. We hold high expectations for student achievement, student behavior, and ourselves as professionals. At Cedarwood Elementary School, we believe every child is capable of learning, and we provide various opportunities for all students to reach their potential. Our teachers use multiple assessment information, including achievement data, to continually evaluate student progress and adapt their classroom practices to meet student needs.

We provide academic interventions for students requiring additional support through a Response to Intervention model provided by highly qualified teachers and paraprofessional staff members. This blended model allows special education, Title I, and regular education teachers to collaborate and provide the best program possible for our students. It also allows us to challenge students who are performing above standard. As a result of these efforts, we received the prestigious award of a California Distinguished School in 2006 and the California Title I Academic Achievement Award for the 2003/2004, 2004/2005 and 2005/2006 school years.

Our curriculum is focused on the California Common Core State Standards, including English Language Arts/Literacy, Writing, Speaking & Listening, Language and mathematics. Our mathematics curriculum includes the progression of mathematical practices exemplifying the three principles of focus, coherence, and rigor. Bridges Math curriculum was introduced and implemented during the 2016-2017 school year. Wonders language arts curriculum was introduced and implemented this school year 2019-202. We encourage strong parent and community partnerships and invite our parents, grandparents, guardians and community members to participate in the classroom. We believe a skilled and dedicated staff, motivated students, and supportive parents are powerful components for student success!

We believe: Every student matters. Every moment counts.

## A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The district sets a high priority on providing current and sufficient textbooks and instructional materials for students. In this regard, our primary goal is to provide instruction and materials that are aligned to the California State Common Core Standards. The district textbook review and approval process consider instructional materials that have been approved by the State Board of Education (SBE) for textbook adoption. Students have access to a wide variety of instructional materials including texts, workbooks, math and science equipment, reference resources, library, and audiovisual materials. The school library and other technology resources provide students and staff with additional tools for learning and accessing information. Annually the district surveys availability and adequacy of textbooks and science laboratory materials. Sufficient standards-aligned core textbooks are provided for each student on a one-to-one basis. Adequate materials support English language learners. District-adopted materials are consistent with state requirements. In addition, various supplemental programs are utilized in classrooms and a number of intervention programs are used for academic support for struggling learners.

### School Facility Conditions and Planned Improvements

Due to the passing of the School bond on November 7, 2018 and the Camp Fire on November 8, 2018 There are many new facilities and upgrades happening in Paradise Unified School District (PUSD). On January 18, 2022 PUSD approved the Facilities Project Priorities List where every site will have improvements.

Cedarwood was clean and the campus full of snow. Walkways and driveways were clear at the time.

### **B. Pupil Outcomes**

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### **Statewide Assessments**

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- 4. College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	28	N/A	36	N/A	47
Mathematics (grades 3-8 and 11)	N/A	20	N/A	28	N/A	33

### 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who met the standard standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## **State Priority: Other Pupil Outcomes**

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### C. Engagement

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

### 2022-23 Opportunities for Parental Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events. Our School Site Council meets the third Tuesday of every month. In addition to the elected officers, all interested parents are invited and encouraged to attend the meetings. Parents and teachers work together on this council to set school goals, make decisions about budget expenditures, and plan school activities.

We also have a very active parent/teacher organization (PTO) that sponsors many school events and fund raising activities during the year. The PTO meetings are generally held on the first Thursday of each month. and once again, everyone is invited to attend. Parents, grandparents, and community members are always welcome to visit or volunteer in our classrooms; however, we ask that all guests on campus check into the front office and wear a visitor's badge. Our parents are also members of, and provide input on, various district advisory boards.

Parents stay informed on upcoming events and school activities through Parent Square (automated telephone message delivery system), Peachjar (electronic flyers) teacher communication, classroom newsletters, email, telephone calls, personal conferences, the school updated website, Remind, and a weekly all call is sent out to parents each Friday of up coming events and news.

# **State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

### **Suspensions and Expulsions**

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

#### 2022-23 School Safety Plan

PUSD is committed to providing an environment that fosters physical and emotional health and safety. Cedarwood Elementary School has a Comprehensive School Safety Plan located in the office. The plan is updated each year and shared/reviewed with staff and the School Site Council. The disaster preparedness plan clearly designates warning signals and emergency actions for all emergencies (i.e., fire, earthquake, dangerous situations on campus, etc.) Staff and students practice emergency drills regularly throughout the school year - monthly for fire evacuation drills, and once each trimester for Lockdown/Shelter in Place and Earthquake drills.

Classroom discipline and effective classroom management are primary focus areas for Cedarwood staff. We believe that learning is optimized in an atmosphere where students are well behaved, attentive, and responsible for their actions. We accomplish this goal by teaching weekly lessons targeting positive expectations using a different virtue of the week. The last Friday of the month, the school congregates for a short assembly to acknowledge students, discuss school wide rules, and to build community. There is a Student Council with student officers and classroom representatives to who communicate school issues and successes and build student voice for maintaining and promoting a positive climate. A clearly defined student behavior policy and a parent compact are sent home the first week of school. We hold high expectations for students' behavior at Cedarwood and we role model, practice and discuss the four universal expectations (safety, respect, responsibility and kindness) on a regular basis. Positive Behavioral Interventions and Supports (PBIS) are in place to help students be more successful.
